

All about adhesion

The adhesion to dental tissues and dental materials, as well as the clinical techniques for bonding and mechanisms of the bonds play a great role in dentistry. Our three-day course gives you a deep understanding of all the aspects of adhesive dentistry.

Turku

3 days

21 CE
credits

€ 1500
+VAT

Course objectives

- Understand the best adhesive strategies for clinical practices
- Select adhesive materials based on the latest scientific evidence
- Identify the indicators/ contraindications related to adhesion to teeth, ceramics, metals, polymers and composites

Course schedule

3 days with 21 hours of lectures and hands-on training
2 ECTS credits (European Credit Transfer System) or
21 CE credits (Continuing education)

Day 1 (Lectures):

- Why does adhesion matter? An insight to load transfer from restoration to teeth and periodontium
- Bonding to tooth structures
- The aspects of photo curing (lecture and hands-on)
- The principles of bonding and its role in the reconstruction of damaged dentition

Day 2 (Lectures):

- Bonding to polymers and composites
- Adhesion to glass and crystallized ceramics and metals
- Clinical examples of bonding techniques

Day 3 (Lectures and hands-on):

- The bonding principles of repairing old restorations (clinical cases)
- Laboratory training and testing of pre-treated biomaterials (hands-on)

Lecturers

- **Mutlu Özcan**
Prof. Dr.med.dent., PhD
(University of Zurich, Switzerland)
- **Pekka Vallittu**
DDS, PhD, FADM (University of Turku)
- **Arzu Tezvergil-Mutluay**
DDS, PhD, FADM (University of Turku)
- **Murat Mutluay**
DDS, PhD (University of Turku)
- **Niko Moritz**
MSc, PhD (University of Turku)

Venue

University of Turku, Institute of Dentistry
Lemminkäisenkatu 2
FI-20014 Turku, Finland

Target group

- Graduated dentists
- The course will be carried out in English

Side program

- Nordic dinner
- Voluntary visit to Planmeca's headquarters and factory in Helsinki

Course fee

The price for the course is 1,500€ + value added tax (24%) if applicable. The price includes lectures and training, materials, lunches and refreshments. The side program during the course is voluntary and complimentary. Please note that travel and hotel costs are not included.
